## Additional Warrants Promised In Michigan Highway Land Inquiry

GRAND HAVEN (P)—Warrants charging two former State Highway Department right-of-way buyers with conspiracy to defraud in two Ottawa County land deals were issued today by Prosecutor James Bussard.

Named were Ronald V. Kennedy, 42, of Grand Rapids, and G. Palmer Seeley, 53.

Seeley formerly was chief of right-of-way procurement in the department's seven-county Grand Rapids District. Kennedy was an assistant. Both have been fired in the widening inquiry into western Michigan land deals.

Seeley and Kennedy were accused today of conspiring to defraud the state government and obtain property under false pretense when they allegedly got \$300 apiece from two Ottawa County brothers in a right-of-way land deal.

GRAND HAVEN (P)—Assistant Atty. Gen. Perry Maynard said he expected to obtain more warrants here today in the widening investigation of State Highway Department land deals in western Michigan.

## Full Data Asked On Dismissal Of Security Risks

WASHINGTON (P)—Philip Young, chairman of the Civil Service Commission, said today the 383 persons separated from the government under disloyalty provisions of President Eisenhower's security program are not necessarily "Communists or subversives."

Young told a Senate committee the figure of 383 "is merely indicative that in 383 cases, there was information of a definitely subversive nature in the files."

Sen. Monroney (D-Okla.) asked Young whether his information was sufficient cause for separating these employees from government service.

"I don't know," Young replied. He said the heads of the agencies involved probably would be able to answer the question.

Young appeared before the Civil Service Committee in response to Democratic demands for a probe of the disputed question of security risks in the government. He supplied a new breakdown with some more data than was contained in the one he sent to the House Monday.

He boosted to 383 the number of persons separated from their federal jobs by dismissal or resignation last year who had "information of a subversive nature" in their files. The increase to this figure from the 355 announced Monday was due to 28 persons the Army got rid of in the past year because of subversive information.

Young had sent up a report Monday stating that out of 1,782 security separations by the Eisenhower administration between May 28 and Dec. 31 of last year, the 355 had subversive information in their files.

## Jackson Convicts Drowsy On Pills

JACKSON (P)—The mystery of "Drowsiness in Cellblock 16" is being solved at Southern Michigan Prison.

Warden William H. Bannan said Monday that a bottle of sleeping tablets was discovered in a trusty's possession last Saturday after guards found eight inmates of two trusty cellblocks in a drowsy condition.

Bannan said the eight were locked in their cells until guards could find out specifically where they got the pills and how many they got.

Bannan said six trusties had gone to Ann Arbor on a work detail last week to pick up some medical supplies. He said one trusty apparently picked up the pills and distributed them among his friends.

Investigators, checking droopy eyes, want to know how many pills are still unused.

## Probate Judges' \$4,000 Pension Bill Attacked

LANSING (P)—Amid sarcastic debate, the Senate moved up for a vote today a bill to provide pensions for probate judges at the expense of those who appear in their courts.

The bill would grand judges maximum pensions of \$4,000 a year depending on their length of service, and would finance the retirement pay by a fee of \$4 on all cases coming before the probate courts.

Sen. Robert E. Faulkner (R-Coloma) lost an attempt to reduce the pension maximum to \$2,400, which he said was the maximum paid school teachers.

In \$10,000 Bracket  
"Why are probate judges more entitled to a \$4,000 pension than school teachers—or men in the shops for that matter?" Faulkner asked. "Many of these judges are in the \$10,000 a year salary bracket and should not need pension so much greater than teachers."

Sen. Charles S. Blundy (D-Detroit) retorted that when Faulkner "put probate judges in the same class with school teachers you are certainly lowering the bench."

Sen. Garland B. Lane (D-Flint) was defeated in a move to eliminate the \$4 fee in child adoption cases.

"A couple who is willing to give a child a home by adoption shouldn't have to pay a \$4 fee to pay some judge a pension," Lane declared.

## Midwest Feels Sting Of March Cold Wave; 13 Die In Ohio Storm

By THE ASSOCIATED PRESS

A March cold wave knifed into the Great Plains today as the Ohio River Valley states dug out from a paralyzing snowstorm that took at least 13 lives.

The arctic air, flowing down from northern Alberta, sent the mercury skidding to subzero levels in the Northern Plains and along the eastern slopes of the Rockies. The entire Midwest was expected to feel the sting.

Many schools still were closed and highway travel was impeded today after a heavy snowstorm that piled a deep blanket over northern Ohio and eastern Kentucky and eastern Tennessee.

## Dulles Clamps Down On Friend Of Sen. McCarthy

By G. MILTON KELLY

WASHINGTON (P)—Sen. McCarthy (R-Wis.) said today he will demand an official explanation of Secretary of State Dulles' order stripping R. W. Scott McLeod of authority over State Department personnel.

The department announced Monday that McLeod, a close personal friend of McCarthy's, will have charge only of security and consular matters from now on. He has been handling both security and personnel. As personnel officer, he had hiring and firing powers.

Waiting For Stevens  
McCarthy told newsmen, "This will make it infinitely more difficult for McLeod to do a good job" of ridding the department of subversives.

McCarthy injected himself into the McLeod situation as he waited for the appearance of Secretary of the Army Robert T. Stevens either Thursday or next Monday at what probably will be a hearing closed to television, radio, press and public.

The Wisconsin senator and the Army secretary waged open warfare until last week over McCarthy's handling of Army witnesses in his probe of alleged Communist "coddling" by the Army. They made a "peace pact" which averted a nationally televised showdown but was widely regarded as a Stevens surrender to McCarthy.

Cited For Contempt  
McCarthy's subcommittee Monday questioned Pvt. David Linfield and former Pvt. David Rubenstein, both of New York.

Linfield, McCarthy said after the closed hearing, refused to answer questions on communism. The Senate investigations subcommittee voted to cite him for contempt. Rubenstein, according to McCarthy, testified he broke with the Communist party about six or seven years ago and has been given a second-grade honorable

## Inter-American Conference Takes Rap At Communism

CARACAS, Venezuela (P)—Delegates to the 10th Inter-American Conference took a carnival holiday this Shrove Tuesday after an opening session which cheered an attack on communism.

Colombia's foreign minister, Evaristo Sourdís, responding to the welcoming address of President Col. Marcos Perez Jimenez of Venezuela Monday, was interrupted by applause for his denunciation of "the forces of evil which operate in darkness."

Sourdís called for defense of the continent "wherever totalitarian aggression presents itself."

Communist infiltration of the hemisphere is one of the chief topics of the conference, attended by the foreign ministers of the United States and 19 Latin-American nations. But Latin Americans consider economic matters, including U. S. financial plans, the chief item.

Polio Fund Short

MIDLAND (P)—Midland County missed its March of Dimes polio goal of \$30,000 by almost \$8,000, Frederick W. Dow, campaign chairman, reported Monday. Dow said the county collected \$22,514.

## Scheduled 2 Billion Corporation Tax Cut Cancelled In House

By CHARLES F. BARRETT

WASHINGTON (P)—The House Ways and Means Committee voted 22-2 today to continue the present corporation income tax rate for one more year, and wipe out a two billion dollar reduction scheduled automatically under present law for April 1.

Only two Democrats — Reps. Mills of Arkansas and Gregory of Kentucky — voted against the move, strongly urged by President Eisenhower.

Laws Overhauled  
The committee decided to put the corporate rate into a general 800-page bill overhauling almost all of the nation's tax laws.

At the same time it decided to take up Wednesday the question of excise tax rates.

Under present law, a number of cuts are scheduled April 1 in the excise rates, sometimes called sales taxes.

Opposition Melts  
The top corporation income tax rate, now 52 per cent, is scheduled to drop automatically to 47 per cent April 1. President Eisenhower has urged a one-year extension of the present rate to help reduce the federal deficit.

At one time the President's proposal had stirred strong opposition, including promises of a fight by

Rep. Daniel A. Reed (R-N.Y.), Ways and Means chairman. Also, there was widespread talk of a compromise at a 50 per cent corporation income tax rate.

Committee members said much of the opposition has melted, however, because of other tax cuts in effect or planned this year.

Strategy Revealed

GOP members said the new plan would:

1. Help counter a Democratic argument that the revision bill is heavily loaded in favor of business benefits.
2. Clear the air for separate handling of another bill dealing only with excise tax rates.

Reed was said to be planning to introduce soon a bill backed by GOP House leaders which would cut all excise rates above 10 per cent down to that level, except for liquor and tobacco.

In all this maneuvering, Republicans are hoping to build up strength to try to defeat a Democratic move to write into the revision bill an increase from \$600 to \$700 in individual income tax exemptions.

## Two Helicopters Crash; Six Dead

KEY WEST, Fla. (P)—Six Navy men died today in the flaming crash of two helicopters a mile from downtown Key West.

The helicopters collided 100 feet off the ground seconds after taking off on a training exercise.

Navy officials said they were flying in formation when one helicopter slid into the other.

Each helicopter carried three men, a pilot, co-pilot and crewman. Their names were withheld pending notification of next of kin.

The six men were members of Anti-Submarine Squadron No. 1.

The wreckage was a mass of flames by the time rescue workers reached the scene.

The Navy said each helicopter carried about 200 gallons of high-octane gasoline.

## Song Writers Sue Julius La Rosa For Swiping Their Tune

LOS ANGELES (P)—Julius La Rosa, the singer, and several associates have been sued for \$14 million dollars damages by two song writers and a recording company, on grounds of copyright infringement.

The action was brought Monday by songwriters Tony Sacco and Thomas Conroy, and Record Music Corp. Their complaint involves the song "Eh, Campari," which Sacco and Conroy contend is substantially the same as their song, "Hey, Goomba," written before 1948.

## Michigan Solon Badly Wounded In Frenzied Gunplay

By WILLIAM F. ARBOGAST

WASHINGTON (P)—Rep. Alvin M. Bentley (R-Mich.), most seriously wounded among five congressmen shot down by fanatical gunmen in the House chamber, showed some gains early today. In jail a few blocks away, the leaders of the Puerto Rican pistol wielders insisted they were not sorry for the unprecedented outbreak in the Capitol Monday afternoon.

Lolita Lebron, who claimed the ringleader's role in a jail interview, summed up "I do what I must for my country."

And Rafael Concel Miranda declared: "We don't talk about the little things."

Both had more to say about Puerto Rican independence than about the wild shooting that disrupted proceedings in the House.

Along with two other Puerto Rican men—Andres F. Cordeiro and Irving Flores—they were held in bail of \$100,000 each on charges of assault with intent to kill.

Bullet Through Lung  
They face possible penalties of up to 15 years in the case of each wounded congressman, or a possible total of 75 years each—if all the wounded survive. The charge would become murder—punishable by death in the electric chair—if one should die as a result of their wild outburst.

In addition to Bentley, the wounded are Reps. Kenneth A. Roberts (D-Ala.), shot in the knee; Ben F. Jensen (R-Iowa), wounded in the left shoulder; Clifford Davis (D-Tenn.), shot in the right leg; and George H. Fallon (D-Md.), hit in the hip.

Roberts also underwent surgery, but it was of exploratory nature. His physician reported that fears of nerve damage proved unfounded.

Bentley was struck in the upper right chest by a bullet which traveled through the lung, diaphragm, liver and stomach and came out his left side.

Shows Improvement  
After a 1½ hour operation Monday the first-term multi-millionaire representative from Michigan was given only a 50-50 chance for life.

"He is now in the hands of the Lord," said the surgeon, Dr. Charles Stanley White, after the operation.

At 5 a. m. CST today, however, Dr. Joseph R. Young, chief of staff at Casualty Hospital, said the 35-year-old congressman, while still in critical condition, had shown improvement, was cheerful and able to talk coherently.

A 6:45 a. m. report said Bentley had a "fairly restful" night; that temperature, pulse and respiration were at "a satisfactory level—although the pulse rate is higher than desirable."

A scene of confusion without precedent in the House of Representatives occurred when the Puerto Rican fanatics suddenly produced heavy pistols and began shooting wildly from the visitors' gallery.

Dive Under Desks  
Congressmen dived under desks or sped to the aid of fallen colleagues. Many of them thought the sharp reports were those of prankster's firecrackers—until splinters began flying from desks and plastered from walls and ceiling.

One member, Rep. Van Zandt (R-Pa.), sped upstairs in time to help disarm one of the gunmen.

In the gallery a number of spectators also helped overpower three of the assailants as their weapons

## Long Marquette Strike Settled

MARQUETTE (P)—One of the longest strikes in Marquette County history ends today.

It involved 15 employees of the Michigan Gas and Electric Co. and started last Aug. 25. The 15 represent a third of those who walked out.

An agreement with the CIO Utility Workers Union includes a 13-cent hourly wage increase, plus fringe benefits.

Twelve of those who struck were employed at the company's plant at Ripley, near Hancock, which was closed permanently after the strike began, and 13 were employed in the power division, which subsequently was sold to the Upper Peninsula Power Co.

## Job Held 120 Years

BENSON, Vt. (P)—Franklin B. Kellogg, 79, comes up for re-election today to his 57th consecutive term as town clerk. He has no opposition for the job.

Kellogg's—Franklin, his father, uncle and grandfather—have held the post almost continuously for about 120 years.

## Bids On Press Not Opened Yet

The opening of bids for the purchase of the Escanaba Daily Press scheduled for 5 p. m. yesterday was delayed at least until this evening when the Escanaba Board of Education will hold its regular meeting.

The delay resulted from a request by a "prominent midwest publisher" for additional time to submit a proposal. He had asked that he be given to Friday to submit a bid. Attorney Denis McGinn said, McGinn said the man is now vacationing in Miami. He was not identified.

**Extension Protested**  
Attorney James Fitzharris, associated with McGinn in the law firm of McGinn and Fitzharris, counsel for the Board of Education, reported that a majority of the members of the School Board, contacted by telephone Monday afternoon, agreed to an extension to Friday afternoon at 3:30 to permit the arrival of an additional bid.

Ken L. Gunderman, president of Escanaba Daily Press, Inc., a corporation organized by employees of the newspaper to bid on the paper, protested the extension of time for opening of bids. He contended that the March 4 deadline was fixed nearly a month ago and that an extension was unfair to those who submitted bids in advance of the deadline.

At least three and possibly five bids were available at the meeting yesterday. Three communications were identified on their covers as proposals for the newspaper. The other two were not identified.

**School Plans Ready**  
Because of the lack of a quorum of the board at yesterday's meeting, the matter was held in abeyance to the regular meeting tonight.

Howard Kern, of Perkins and Will, Chicago architectural firm, will submit plans and specifications for the new elementary school at tonight's meeting. Plans for advertising for bids and the date for opening bids for construction of the new school will be determined tonight.

## Fishing Season At Grand Marais Opened Saturday

**GRAND MARAIS**—A fish tug operated by Sellman Brothers of Manistiquette opened the Grand Marais commercial fishing season Saturday for the earliest opening in the village history.

The tug, William Jr., left its dock about 3:30 p. m. to set nets, and returned before 6 p. m. Other vessels may leave the harbor within a short time, according to Mrs. Joseph DesJardins.

Grand Marais harbor is open with some ice along the shore line.

The Sellman tug, however, was near the harbor entrance and ice cleared from the vicinity of the dock during the past week. Other tugs, including Canadian tugs operated by Purvis of Michipicoten Island are still ice locked, however, since they are docked further in from the lake entrance.

The crew of five took the Sellman tug out about five miles and set nets which will be picked up in less than a week.

## Perkins

**PERKINS**—Lenten services at St. Joseph's church, Perkins, will be mass at 7:30 p. m. every Wednesday during Lent. Mass will be followed by Benediction of the Blessed Sacrament. Confession will be heard every Wednesday evening before mass from 7 to 7:25. Friday evenings Stations of the Cross will be followed by Benediction of the Blessed Sacrament.

Confessions will be heard at Sacred Heart church at Rock Saturday from 3 to 4 p. m., and mass Sunday will be at 7 a. m. Confessions Saturday afternoon at St. Joseph's church, Perkins from 4:15 to 5 in the evening from 7 to 8:30. Masses on Sunday at 8 and 10 a. m.

Services at Bethany Lutheran church will be at 8 p. m. March 7 with Holy Communion. Sunday school will be conducted Sunday at 10 a. m. Parents are urged to send their children.

Visitors at the home of Mr. and Mrs. Francis Gudwer and Mr. and Mrs. Ed Trombley Friday were Mr. and Mrs. Peter Westerdahl of Battle Creek, Mr. and Mrs. Fred Arts Sr., and Mrs. Gordon Bennett, Mrs. LeRoy and Mrs. Roger Richard of Escanaba; Mrs. Mary Katchum and Mrs. Della Truchey of Gladstone.

Keith Carlson returned the first of the week to East Lansing where he is a student at Michigan State College, after spending the weekend with his parents Mr. and Mrs. Ernest Carlson.

Basketball coach Tom Gerovac attended a meeting of basketball coaches at Escanaba Sunday. The Perkins team was drawn to meet Daggett at 6 p. m., at the district tournament to be held in Rock on March 3-5.

**Bethany Sunday School**  
Sunday School at Bethany Lutheran Church at Perkins will reopen Sunday, March 7, at 10 a. m. under the direction of Mrs. Chester L. Harris, superintendent.

## Special President's Day To Be March 4

MAP FOR PRESIDENTS — Hal Fischer holds the jigsaw map which helps promote a day to honor U. S. Presidents.

By GENE HANDSAKER

**COMPTON, Calif.**—Hal Fischer and a 29-cent jigsaw map appear well on the way toward giving the nation a new annual observance.

It's Presidents' Day, to be recognized officially this March 4 in 24 states—perhaps more. Their governors, in proclamations or statements of support, are asking for prayers and school projects honoring the chief executive.

Fischer, an adding machine salesman who has persistently, sometimes exhaustively, pushed his Presidents' Day idea for three years, started it all by writing to governors, asking for proclamations.

This year he enclosed each state's fragment from a jigsaw map, asking the governor to autograph and return it as a sign of compliance. The idea helped. Governors seem to want their states on Hal's map.

Fischer, mild-mannered and 43, estimates he has spent \$2,000 on printing, envelopes, stamps and cuts to promote Presidents' Day since 1951.

He picked March 4 for the observance because it was the presidential inauguration date for 140 years—until 1936.

Fischer saw Presidents' Day at first as an observance solely in churches. Prayers were offered in pulpits here at his suggestion. Several radio stations asked listeners to pray for divine guidance of the President.

He also wrote to the governors—not very good letters, he thinks now—"a statement of something but not much to be done about it." Still, they brought "one spark"—a proclamation from Arkansas' Gov. Sid McMath. "We Republicans and Democrats alike," it said, "should let the President 'know at least once a year that we are grateful and owe him a kind word.'"

In 1952 Fischer got governors' proclamations in Arkansas again and in Delaware, Rhode Island and Missouri.

Also, of 200 support pledges mailed out, he got three dozen back signed. Supporters included the governor of Delaware, the mayors of El Paso, Tex., and Camden, N. J., the director-general of Lions International and the presidents of Georgetown, Creighton, Duquesne, Cornell and Georgia Tech universities.

Last year's proclamations totaled nine—Arkansas, Missouri, Nevada, Oklahoma, Rhode Island, Massachusetts, South Dakota, Indiana and Maryland.

## Road Engineers At Radio Conference

William Karas, superintendent-engineer of the Delta County Road Commission, left today for Chicago where, as a member of the Michigan board for the allocation of highway radio frequencies, he will attend a Mississippi Valley Highway Conference.

Other members of the Michigan board for the allocation of highway radio frequencies are J. T. Sharpsteen, former Delta county road engineer, now at Flint, and George Foster, deputy state highway commissioner.

The Michigan men will present information on radio communication channels for highway units at the conference.

## Fairbanks Township Board of Review

Meets March 2, 8 and 9 from 9 a. m. to 4 p. m. at the town hall.

Harold Gierke, Supervisor

More than 100 mayors also chimed in with proclamations, including the mayor of Los Angeles as well as its county Board of Supervisors.

This year the map in the den of Fischer's neat stucco home shows these states have swung into line of Presidents' Day:

Proclamations issued—Oklahoma, Mississippi, Tennessee, Rhode Island, Wisconsin, Arkansas, South Dakota, Nevada, Nebraska, West Virginia, Maryland.

Proclamations promised—Florida, Nebraska, New Hampshire, Massachusetts, West Virginia, Colorado.

Statements of support promised—Connecticut, Pennsylvania, Oregon, Minnesota, Delaware, North Carolina, New Jersey, California, Vermont.

Fischer feels sure of proclamations again from Missouri, which issued them the last two years, and Indiana which issued one last year. And probably from other first-time states, too.

Fischer, no wild-eyed zealot but a quiet man devoted to a dream, insists there's nothing in this for him. He'd like to see some nationwide civic or fraternal organization take over its promotion.

## Trams Reports On Chinchillas

The story of chinchillas and their advent this year to the American fur market was told to the Escanaba Rotary Club Monday noon by M. A. Trams, Escanaba, secretary of the Upper Michigan branch of the Chinchilla Breeders of America.

Trams described his experiences in the chinchilla raising industry since 1946, and traced the history of the little animals since they were first imported to this country in 1923 from South America.

Ten thousand chinchilla pelts will be placed on the market this year by the industry. How well they are accepted by the buyers will determine the future of the industry, Trams said. He was optimistic that chinchilla will become popular and will be "a shot in the arm" for the fur industry as a whole.

Trams said he went into the chinchilla raising business predicated on his venture on a pelt price of \$30, but he is assured they will bring "a much higher" price than that.

A live chinchilla was displayed by Trams to illustrate the development of the animal into a more desirable fur animal. Pelts which will go to market this year were also shown.

## Engine Failure Delays Trains

Two northbound Chicago and North Western trains were delayed in arriving at Escanaba today because of engine failure on Train No. 161 early this morning near Oshkosh.

Train No. 121 towed No. 161 to Green Bay for repairs, resulting in the delay of both northbound trains.

The arrival of Train No. 161, due in Escanaba at 5:30 a. m., was delayed 6½ hours while Train No. 121, scheduled to arrive in Escanaba at 8:55 a. m., was expected to be up to three hours late.

Both trains carry mail and the result was a disruption of mail arrival from the south.

## Straits Bridge Designer Will Be At Sault Meeting

**SAULT STE. MARIE**—Dr. David B. Steinman, the man who engineered and designed the Mackinac Straits Bridge, and who will be the main speaker at the Bridge Testimonial Banquet to be held in the Sault Saturday, March 6, will bring with him two of the top engineers of his organization it was announced Monday by the committee in charge of the celebration.

Dr. Steinman plans to arrive in the Sault Friday, March 5. It will be his first visit to the city. With him will be Col. Harry Goodkind and R. M. Boynton of his staff. Colonel Goodkind is known here having visited the city on two occasions during the past 18 months, the last time being when Governor Williams made formal appointment of the International Bridge Authority.

Dr. Steinman is considered to be the outstanding bridge engineer and designer in the world and has constructed some of the greatest bridges known.

It is expected that at the Testimonial Banquet in the Pullar Community Building he will discuss some of the problems involved in designing the Mackinac Bridge—longest in the world—and will probably answer some of the questions concerning the structure that have long been in the minds of northern Michigan residents.

On the speaking program with Dr. Steinman will be Congressman Victor A. Knox; Prentiss M. Brown, chairman of the Michigan Bridge Authority, and Gov. G. Mennen Williams, who will thank all those who made the bridge possible, in the name of the people of the State of Michigan.

At a special place at the banquet will be more than 40 honored guests—individuals who played prominent parts in effecting the bridge project. The list includes, not only the Bridge Authority and all of Michigan's top officials, but representatives of areas as far east as New York, Washington and Pittsburgh, and a number of newspapermen from metropolitan newspapers.

**Bell Payroll High**

## Shrove Tuesday Day Of Tradition

By ED CREAGH (For Hal Boyle)

**WASHINGTON**—Eat, drink and be merry today. It's Shrove Tuesday, and Lent lasts a long time!

In England, where it used to be called "Pancake Tuesday," it was a day of general merry making—the Kentucky Derby day, so to speak, of cock fighting among other pastimes. Church bells summoned one and all to wining and dining, and there was even a song about it:

"But hark, I hear the pancake bell  
And fritters make a gallant smell;  
The cooks are baking, frying,  
Boiling,  
Stewing, mincing, cutting,  
Broiling,  
Carving, gormandizing, roasting,  
Carbonading, cracking, slashing,  
Toasting."

France still makes much of Shrove Tuesday, and in fact invented the name "Mardi Gras" or "Fat Tuesday" for the high jinks. It was and still is in some parts of northern France the custom to parade a fat ox ceremoniously through the streets. (It also was the custom to use up on Shrove Tuesday the fats which couldn't be eaten during Lent!)

In Nice, on the Riviera today, a huge King Carnival is toted through the flower-decked streets, and pretty dark haired girls pelt you with posies.

In Finland some people believe there'll be no flax next summer if a woman spins on Shrove Tuesday. In Belgium some say if you eat cabbage on Shrove Tuesday the caterpillars won't bother your growing cabbages.

In Denmark, Shrove Tuesday is observed on Monday. The kids are let out of school and go around beating on their elders with brightly decorated "Lenten birches," all the time shouting "Give buns!" Whereupon the elders dole out "fastelavsbolle," or Shrove-tide buns.

**SAULT STE. MARIE**—A solution to the Sault's garbage disposal problem is being sought. Collection ceased in the city, as of today, until a site can be found in which to dispose of the refuse. The problem is expected to be placed before the commission tonight and a large attendance of spectators is anticipated. At the last meeting, close to 75 Ashmun Hill residents were on hand to protest a proposal to locate a sanitary land fill on the west side of Municipal Airport.

**ST. IGNACE**—The search for the two commercial fishermen, John Ellison Sr. and John Ellison, Jr., lost on the ice at St. Martin's Bay on Saturday, continued Monday. One of the searching parties reported finding a small whisk broom which was identified by Mrs. Ellison as the type her husband carried in the car. But other than finding the broom there was no other trace of the missing men or their car. State police authorities said that the ice in the bay had been broken up by the high winds Monday afternoon and the storm on Tuesday prevented further search for the lost men.

**CALUMET**—Thomas Phelan Jr., of Calumet and Aaron Strom, Jr., of L'Anse have received telegrams from Congressman John B. Bennett, that they have been given principal appointments to the U. S. Military Academy, West Point, N. Y.

**MARQUETTE**—The Marquette County Historical Society announced appointment of Kenyon Boyer as the society's first managing director. The new post was created in the interests of expanding the society's public service program. Boyer will assume his new duties next April 1.

## Three Injured In Auto Crash

Harold St. Cyr, 20, of Escanaba Rte. 1, suffered a brain concussion, and two other men suffered knee injuries in the collision of St. Cyr's car with an auto in the 800 block, Sheridan Road, at 5:43 p. m. yesterday.

St. Cyr's condition is not considered serious. Allsworth St. Cyr, 20, of Wells, a passenger in Harold St. Cyr's car, suffered a badly bruised right knee.

Melvin Bertrand of 1219 Stephenson Ave., driver of the car struck by the St. Cyr auto, also suffered a bruised knee. Escanaba police reported that St. Cyr was driving south on Sheridan Road at 40 miles an hour and in passing another car struck the Bertrand auto, which was pulling out from a parking place. Police ticketed Harold St. Cyr for excessive speed, failure to yield the right of way, and for not having an operator's license.

## Continued Cold Forecast Here

Continued cold, in sharp contrast with the mild spell that characterized February's exit, is the forecast issued this morning by S. E. Decker, local U. S. weather observer.

Yesterday's high of 31 was shortlived, being succeeded by sharp winds from the north. A steady drop brought the thermometer down to 19 about 7 o'clock this morning. By noon it had warmed up to 21 and should reach 24 by nightfall says Decker. It should be about 10 above tomorrow morning and cold weather may be looked for for the rest of the week, says the weatherman.

Low temperatures characterized most of the upper midwest area. Glasgow, Mont. was the coldest spot with -10. International Falls, Minn. had 4 above. Readings in the Upper Peninsula were very much the same—from 18 to 20. Sault Ste. Marie, the coldest U. P. spot had 12.

Snow has about ended over the lower lakes region, but snow still fell early this morning in southern Michigan, parts of Ohio and Pennsylvania. Freezing temperatures were general along the Atlantic seaboard as far south as central Florida. Light snows continue in the Dakotas and Montana.

## Deadline Nearing For Registration In City Election

Escanaba citizens have until 8 p. m. Monday, March 8, to register to vote in the city election to be held April 5; and prospective candidates for City Council have until March 16 to file nominating petitions.

City Clerk George Harvey directed attention to these deadlines today urging to register now and avoid the possibility of being unable to vote in the city election.

The office of the city clerk will be open to 8 p. m. Monday, March 8, to receive last-minute registrations.

Two Council seats will be at stake in the April 5 election. Three candidates have announced so far. They are: Ed Cox, incumbent; Atty. William E. Anderson, and Herbert Carlson.

## Firestone Manager Is Transferred

R. E. Mattson, who has been manager of the Firestone Store in Escanaba has been transferred to the Appleton, Wis., store, the change effective as of March 1. Mrs. Mattson and their daughter will join him in Appleton in about a month. Mr. Mattson's successor is L. A. Greiling, who comes to Escanaba from Green Bay. His family, Mrs. Greiling and their daughter will move to Escanaba in two weeks.

## Bike Rider Injured In Traffic Mishap

Gust Ulvald, 81, of 1226 Stephenson Ave., suffered a cut in the back of the head at 11:30 a. m. yesterday when the bike he was riding collided with a car driven by Fred A. Reichel, Neenah, Wis., Escanaba police report.

The accident occurred at 21st St. and Danforth Road. Police said Ulvald rode his bike into the fender of Reichel's car.

## Crowd Enjoys EHS Senior Class Play

A large crowd last night enjoyed the first performance of the hilarious comedy, "The Man Who Came to Dinner," which was successfully presented by the 1954 senior class of Escanaba Senior High School at Oliver Memorial Auditorium.

Playing the lead role in the three act comedy was Bob Peterson stealing the show as Sheridan Whitesides, the celebrity, who is invalided because of a fall. He portrays an outspoken, self appraising but likeable well-known figure, bringing many laughs by his quick comments.

### Plenty Of Laughs

A delight to the audience were the parts taken by Barbara Anderson as Maggie Cutler, the secretary, and Janet Costley as Lorraine Shelton, the actress. Both girls are trying to attract the same man, Bert Jefferson, and the audience thoroughly enjoyed the witty remarks they handed back and forth throughout the scenes.

Arni Dunathan played the role of Bert Jefferson, town reporter, very effectively. Portraying a quiet but forcible young man in the beginning, the audience was quite amazed when Bert grows himself on the stage, reeling under the influence of alcoholic beverages.

Harriet Stanley, the aunt, played by Lynette Herro; Beverly Carlton, the composer, played by Dan Sundman, and Benjamin, the actor, played by George McFadden, all of them having odd mannerisms, provided the audience with a great deal of chuckles.

The Stanley family was played by Caryl Olsen as Mrs. Ernest W. Stanley, the mother; Bill Gaffney as Mr. Stanley, the father; Dick Johnson as Richard Stanley, the son, and Nancy Gasman as June Stanley, the daughter. All the parts of the family were handled convincingly, from the distraught, excitable father; the flustered and nervous mother; the adventure loving son, to the daughter, believing herself to be madly in love.

Other members of the Stanley household giving creditable performances were Catherine Promer as Miss Preen, the nurse; Jim Ferguson as John, the butler, and Maria Schmidt as Sarah, the cook.

### Choir Boys Please

Adding to the comic aspect of the performance were Maxine Koehler as Mrs. Dexter, a neighbor; Ruth Hansen as Mrs. McCutcheon, another neighbor; Ken Nelson as Dr. Bradley, the physician; Sam Mills as Professor Metz, the college professor; Peter Sabourin, Bob Erickson and Jim Cleere as three luncheon guests of Mr. Whiteside; Don Swanson as Mr. Baker, the deputy; Jim Johnson as the expressman; Neil O'Donnell as Sandy, the man with ideas; Dan Sundman, as Beverly Carlton; Vince Nelson as Wescott, the broadcasting official; Dick Hengesh and Pat Gallagher as radio technicians; Don Swanson and Peter Sabourin as two deputies, and Lloyd Brazeau, a plainclothes man.

Giving an added touch to the play were the seven little choir boys, whose roles were taken by choir boys from the Bethany Lutheran Church. Boys taking part in the play, acting and singing "Silent Night," were Lee Anderson, Robert Anderson, Sam LaCombe, Carl Lund, Paul Lund, John Pearson and Gary Thomas.

John A. Romstad, director of the show, is responsible for the outstanding success of the play, and Lynette Herro is student director. Many hours were spent in

rehearsals and finishing the rough edges.

Scenery was under the direction of Margaret Kranstover, technical supervision and construction under Irwin Wolff printing under Dennis Foltman music was under the direction of Mrs. Clara Somers, and lighting was supervised by Dick Stratton.

The play will be presented again this evening at 8 p. m., at the William W. Oliver Auditorium. Tickets may be purchased at the door.

### Delay In Solving City Electric Problem Could Block REA Loan

THE solution of Escanaba's electric power problem should not be delayed to the point where delays jeopardize the loan of \$8,257,000 by the Rural Electrification Administration to the Alger-Delta Electric Cooperative.

The REA has approved the loan to the cooperative but the size of the loan is logically contingent upon the sale of so-called "surplus power" to the City of Escanaba.

This is a very substantial loan and it could be jeopardized by a protracted delay in a decision by the City of Escanaba concerning its part in the proceedings.

The cooperative has presented a proposal to Escanaba for furnishing electric power to the city for a period of 10 years. It is not unreasonable that the cooperative expects a decision from the city as rapidly as possible. The sooner this matter is disposed of, the sooner the cooperative can go forward with its plans for increasing its electric power capacity.

## Words, Wit & Wisdom

By William Morris

From an advertising man who prefers to remain anonymous comes this note regarding my recent defense of advertising English: "It's all very well to cite examples of clear, concise and effective expression in what we call 'consumer copy.' Where the ad fraternity goes way off the beam, in my book, is when they talk to each other in 'trade copy.' Listen to this gobbledygook: 'The XXX show is the second-highest rated in daytime TV. The first is Howdy Doody, which is sold out, and is the following adjacency to XXX.' Dig that 'following adjacency!' It makes my hair curl. Couldn't the ad simply say 'and follows XXX'?"

Agreed, good friend and fellow sufferer! But a purist would surely be taken a bit aback by your own "off the beam" and "dig that."

LONGEST WORDS DEPARTMENT: A week or so ago I noted in answer to a reader query that "antidisestablishmentarianism" is generally credited as being the longest meaningful word entered in the dictionary. Comes now a note from a fellow toiler in the lexicographical vineyards, Norman Hoss, who writes: "You are slighting your old Alma Mater, Merriam-Webster. The New International Dictionary has the following in its new word section—entered perfectly deadpan, although I understand they reached out for it simply to see how long a word they could have. It is 'pneumonoultramicroscopicsilicovolcanokoniosis,' which is a disease of the lungs to which miners are particularly susceptible."

It may well be that even longer words can be found in the technical lexicons of the sciences. But—and for this newspaper compositors from coast to coast should utter thanks—if this is not the longest word, it most assuredly is the LAST word to be printed in this space on the subject.

### The Doctor Says . . . Menopause Should Cause No Concern to Most Women

By EDWIN P. JORDAN, M. D. — Written for NEA Service

Typical of the many letters received on one subject are excerpts from two. "Please say something about the menopause. What causes one to get sudden panic at the thought of going somewhere?" "Are hormone shots harmful in the menopause? How long are they necessary?"

Sudden panic is not a typical symptom of the change of life. One would suspect that a person suffering from this had some emotional instability to start with in addition to the menopause. As to the question on hormones, they are not harmful if given in the right dosage for the individual patient and at the proper intervals. How long they should be taken depends also on the individual circumstances—that is, the need of the individual women. In general, they should be tapered off and discontinued as soon as they are no longer needed.

In discussing the menopause it should be emphasized that most women pass through this phase of life without any serious physical or mental disturbances. This is a period which is more than the ending of a single physiological function and actually represents the development of a new balance between the various internal glands, caused primarily by gradual slowing of the functions of the ovaries.

The most constant reflection of these changes is the cessation of the menses and the impossibility of further reproduction. Neither of these need produce any concern

in the great majority of women; nature has provided these changes for reasons which seem desirable both for the individual woman and for mankind as a whole.

When symptoms do develop, the most common are hot flashes, abnormal menses, a tendency to melancholy, putting on weight, headaches and sleeplessness. Glandular products are now available which can be given by injection or by mouth which will help most of those whose symptoms are severe enough. They act by supplying some of the internal secretion which the patient's own glands fail to supply. The possibility of adjusting the size of the dose to the need is particularly helpful.

ADJUSTMENT MAY BE LONG  
Many women are greatly concerned about the possibilities of conception during the latter stages of the menopause. It is difficult to tell exactly when conception is no longer possible, and many pregnancies have taken place up to 52 or even 55 years of age. It has, however, been stated, that there is comparatively little chance of conceiving when a year or more has passed since the last menstrual period.

During the usual two-or-three-year period of adjustment a woman should be active both mentally and physically. Old interests can be renewed and new ones developed.

## Merry-Go-Round

By DREW PEARSON

WASHINGTON—Mrs. Robert Stevens, charming wife of the much-beleaguered Secretary of the Army, was talking to a group of ladies at a social function just a few days before Senator McCarthy put him on the spot.

"My husband," she said, "only agreed to stay in Washington a short time. We can't stay in government too long."

"What you Republicans seem to believe in is government by interlude," interposed Betty Beale, sprightly columnist for the Washington Star. "You seem to think that running the government is something you can learn in one short year and then go off and forget. The Democrats on the other hand make government a career. They know it's a tough job, so they stay and work at it."

Now that Mrs. Stevens' sincere but politically naive husband has been subjected to the most disagreeable McCarthy brain-wash so far given an Eisenhower cabinet member, his disinclination to stay in Washington is not likely to change. It's almost certain that after a discreet lapse of time, he will quietly bow out.

### INCREASING U. S. ISOLATION

Meanwhile, his tangle with McCarthy spotlights two important problems of government which have become increasingly difficult during the Eisenhower administration.

Problem No. 1 is that of getting good men to serve in government. Because of low salaries this has always been difficult. But in view of McCarthy's attacks, it's become even more difficult. No important business executive wants to give up a good job (Stevens surrendered his stock in the largest textile firm in the world) for the doubtful privilege of coming to Washington to get clobbered over the head by McCarthy for something he may know little about.

Problem No. 2 is even more serious. It's the growing division not only in the Republican party but in the nation.

The division is not dissimilar to that which occurred before the disaster of Pearl Harbor awakened the American people and knit them into one team. And as before Pearl Harbor, the division takes two drifts:

Drift No. 1 is that toward isolation. This is a revival of the traditional trend inside the Republican party to erect high tariff barriers, drastically curtail the armed forces, and pull away from the rest of the world.

Herbert Hoover's administration was badly split over isolation. Eventually the high tariff isolationists helped to wreck the economy. And the international isolationists pulled Hoover far enough away from the liberal Republicans led by Henry L. Stimson, so that they helped precipitate World War II.

### RELIGIOUS BITTERNESS

Drift No. 2 is toward intolerance and dissension.

Fifteen years ago, the American people were plagued with such breeders of dissension as Gerald Winrod, Fritz Kuhn, William Dudley Pelley, and others who spread hate and poison among their fellowmen.

Today, the Winrods have come out of their holes again and are spreading the same kind of poison. The names are different now—Colonel Williams, Gerald L. K. Smith, the Liberty Belles, the Minute Women. Some of them, such as the boycotting Ladies of Texas who prevent any point of view from being discussed except their own, probably don't realize how they are being used.

But the net result is to increase division and dissension among the American people.

Senator McCarthy's investigations, whether intentional or unintentional, have focused on certain religious groups thus increasing this dissension. His support of a chief investigator who claimed the Protestant clergy was riddled with Communism, unfortunately set back the cooperation which had been growing between Catholics and Protestants.

Cardinal Spellman's public statement endorsing McCarthy has given the mistaken impression that McCarthy is an instrument of the church, and unfortunately the public forgets that both Catholic clergy and lay Catholics are just as divided on McCarthy as non-Catholics, with the Jesuit magazine "America" sometimes vigorously critical of him. But forgetting this fact, religious bitterness reminiscent of the Ku Klux Klan days and Senator Tom-Tom Heflin of Alabama has begun to smoulder.

At Fort Monmouth, N. J., religious tolerance was not helped by McCarthy's focusing on Jewish workers for the Signal Corps. Out of 19 people suspended, during or after McCarthy's probe, 17 were Jews. Yet not one of them was even remotely accused of espionage.

One was suspended merely because he had read a book by Max Lerner. Max Lerner is not a Communist, never has been a Communist, is a liberal writer for the New York Post. Yet this Signal Corps employee was suspended merely because he had read a book by Lerner.

Because of McCarthy's daily headlines and inflammatory statements, much of the general public still considers Fort Monmouth a nest of spies and unfairly thinks that most of them are Jewish.

Ed. Note—Drew Pearson will dissect some of the other by-products of Senator McCarthy's probes in an early column.)

## New Around Here, Ain't He?

## Army's Convertiplane Problem: Can Anybody Fly The Thing?

THE ARMY'S XV-1: Straight up and down like a helicopter and straight ahead like a plane.

By DOUGLAS LARSEN

WASHINGTON—(NEA)—The Army at last has what it considers to be the perfect flyin' machine.

It will go straight up and down and doesn't need a landing field, but, once aloft, flies forward with the speed of a conventional plane.

The Army calls it a convertiplane and considers it the ideal vehicle for hauling men and material to and from the battlefield. It eliminates the need for roads and airstrips.

However, now that it has such a machine, the question comes up as to whether or not there are perfect enough men in existence capable of flying it.

"When you fly a helicopter just up and down," explains an Army helicopter pilot, "each hand is busy doing two things at the same time. Both of your feet are busy, and you've got to keep looking where you're going. At the same time you have to watch a half-

dozen instruments. "When you land," he claims, "you are actually doing a violent St. Vitus Dance. Now, when you add to all of that activity the physical requirements of straight flight you begin demanding something nature may never have intended the average man to do."

The Air Force and McDonnell Aircraft Corp. have come up with the XV-1 for the Army, called the first flyable convertiplane the service has bought. And being aware of the difficulty of piloting such a machine the Air Force and McDonnell engineers have done their best in tying all of its controls together for ease of piloting.

"Even though we have done the maximum to simplify the controls of the XV-1," an Air Force expert admits, "we are aware that the pilot is going to have a busy time of it, especially when he is switching from hori-

zontal to vertical flight and then back."

The XV-1 will take off with its helicopter rotor powered by tip jet units. When it's aloft the pilot uses the rotor for forward speed until it's going fast enough for its stubby wings to keep it flying.

Then he turns off the rotor, which continues to turn free in the wind. After that he depends on the reciprocating engine turning a conventional propeller in a pusher position for his normal level flight.

The Army helicopter pilot anticipates this difficulty:

"The problem is going to be during the period while you're changing from one kind of power to another. You'll be watching both rotor and prop speeds at the same time to cut one in and the other out at just the right time to avoid a stall. You'll be watching direction and general attitude of the plane. And then all of a sudden you'll have to switch your reactions from one type of flying to another."

A man doesn't have to be a regular pilot to learn to become an Army helicopter pilot. But it's expected that it will take regular pilots who have also been trained in helicopters to learn to fly convertiplanes.

That's if it proves that mere man is capable of the physical demands of piloting a convertiplane in the first place.

If this pilot difficulty doesn't prove insurmountable, Army transportation experts predict that the convertiplane will largely take the place of its helicopters because of their greater versatility.

Civilian air lines also are watching the convertiplane closely for obvious applications to commercial freight and passenger service.

Persons in the aviation industry generally consider the convertiplane one of the most significant aircraft developments since the war. Because of the Army's long-time requirement for such a plane it has put up most of the research and development money for it, getting technical assistance from the Air Force.

Before actual flight tests are attempted with the XV-1, perhaps this summer, full-scale wind-tunnel tests will be made to determine its flying characteristics.

Another type of convertiplane, the XV-2, has been developed for the Army by the Bell Aircraft Co. It's different from the XV-1, with two engines on the tips of stubby wings.

For helicopter flight the engines and props will be pointed up. For forward flight the engines will rotate into a horizontal position. It's possible that this type of convertiplane will be even more difficult to pilot than the XV-1.

## Good Evening . . .

By CLINT DUNATHAN

THE SURRENDER—Headlines told the story of the U. S. Army's "surrender" to Sen. McCarthy—but the fact is surrender occurred a long time ago when McCarthy pursued his inquisitive way without benefit of legislative rules or regulations.

The history of McCarthyism reveals that the big surrender was that of the legislative branch of the U. S. government, of which McCarthy is a member.

It is only now preparing to establish procedures for investigative committees.

In the past, of course, there may have been no need for congress to set up rules for its committees. That is, before Sen. McCarthy decided to make committee investigations his personal business rather than to conduct them as an arm of senate.

EVEN HIS FRIENDS—Just how serious is the threat of McCarthyism? Sufficient to cause even his friends and influential backers to ask him to call on a halt to his high-handed tactics.

The Chicago Tribune, long a McCarthy friend, rapped the knuckles of the senator from Wisconsin in a front page editorial. And the following day pursued the subject as follows:

"Sen. McCarthy, as we said the other day, abused his position when he had Brig. Gen. Zwicker on the stand. It was the senator's right to ask questions but not to call names even if he thought they were deserved.

"If McCarthy believed that the witness was not telling the truth, or was evasive, or in any other way was blocking the inquiry, the senator's remedy was to cite the witness to the defense department or the senate or both. In our opinion there is no question that Mr. McCarthy's language and behavior were improper, and we suspect that, even though he won't admit it, he knows it, too."

ADDITIONAL VIEWS—The Chicago Tribune also says that McCarthy displayed "intemperate behavior." But it upholds the general principle that congress is at liberty to inquire "into the conduct of government and to ask questions of anybody the members may think has the answers."

The Wall Street Journal, which even Sen. McCarthy cannot accuse of being either red or pink, editorially observes that McCarthy's methods do not involve "questions asked of a witness but epithets hurled at a helpless victim."

The Milwaukee Journal, a newspaper McCarthy has charged as being soft toward Communism (it has been unalterably opposed to McCarthy and his methods), said:

"How can our government operate if it is constantly to be subjected—not to responsible and intelligent checks by congress—but to reckless attacks based upon the theory of verdict first and trial afterward?"

FROM THE RECORD—For the sake of background in the controversy between McCarthy and Secretary of the Army Stevens, let's take a look at the record. What did McCarthy say to Brig. Gen. Ralph Zwicker, commanding general at Camp Kilmer, N. J.?

First it must be known that McCarthy conducted the hearing without another member of his committee being present. Second, he was seeking to substantiate charges he had publicly made that the Army was trying to "coddle and promote Communists."

At one point in the hearing, McCarthy told Zwicker, a bemedaled veteran of the Normandy invasion: "You are not fit to wear that uniform . . ."

Another time he told Zwicker to stop "hemming and hawing," and observed that a certain Army action over which Zwicker had no control was a "tremendous disgrace to the Army."

WITHOUT PROOF—The above, let it be noted, were the opinions of Senator McCarthy, completely unsubstantiated by facts. Yet to millions they appeared as true as a Supreme Court verdict.

Typical McCarthyism was the senator's later statement that he did "not think there was anything evil about Zwicker."

Yet how can this statement remove another blot, this time upon the character of Secretary of the Army Stevens, who crossed McCarthy in defending his Army personnel?

Stevens is, said McCarthy, "an awful dupe" and a man who "shielded" officers "guilty of stupidity at best and treason at worst."

Under these circumstances it becomes mandatory that the legislature establish procedures to defend Americans from McCarthy's "intemperate" and "improper" behavior.

## Questions and Answers

Q—Are there any official statements in the statute books pledging the federal government to promote full employment?

A—The closest approach is the Employment Act of 1946, in which Congress declared that "it is the continuing policy and responsibility of the Federal Government to use all practicable means . . . to promote maximum employment . . ." One tool created by the Act is the Economic Report, submitted by the President Jan. 28.

# Columbus Boychoir Gives Concert In Escanaba March 31

Sponsored by the Escanaba Kiwanis Club, the famous Columbus Boychoir of 24 voices will present a concert at the Oliver Memorial Auditorium in Escanaba March 31. Tickets for the event are going on sale this week.

The boys of the choir, fourth to ninth graders in the Boychoir School, travel by bus, but do not spend all of their time looking out the windows. They are required to do their lessons on the road, and the big bus is fitted with seat desks, a five-octave piano for rehearsals, and a refrigerator for milk and lunches. Music is the major subject, and there are two hours of rehearsal daily. The bus also serves as a classroom annex when parked at the hotel during a concert stopover. The Upper Peninsula visit of the Boychoir will also include a concert at Ishpeming.

## Respiratory Disease Microbe Isolated By Army Researchers

WASHINGTON (AP)—Two Army researchers reported isolating from a sick soldier a new type of microbe they said might be the cause of some widespread ailments of the throat and respiratory system.

These might include some severe sore throats, bronchitis, "virus pneumonia", and other acute respiratory illnesses whose origin is still a mystery.

Dr. M. R. Hilleman and researcher Jacqueline H. Werner of the Army Medical Service Graduate School reported their findings in the proceedings of the Society for Experimental Biology, a technical journal, and gave some amplification in an interview.

They said the organism had been recovered from a patient during an epidemic of acute respiratory illness among soldiers at Ft. Leonard Wood, Missouri, during the winter of 1952-53.

## Big Gain Revealed In Slum Clearance

WASHINGTON (AP)—The Housing and Home Finance Agency reported slum clearance projects were up more than 50 per cent at the beginning of this year from their total of a year earlier.

The agency said in an annual report there were 154 "well advanced" projects in 108 localities, compared with 99 projects at the beginning of 1953. It estimated the construction outlay for slum redevelopments aided by federal loans and grants approved as of the first of the year would reach 497 million dollars.

# Money Easier Now, Big Deals Reveal

By SAM DAWSON  
NEW YORK (AP)—Money is easier—as a 30 million dollar deal today, a 40 million one in the works, and a 5 million one last week clearly show.

When you yourself are looking for a few bucks, money may seem just as hard to find. But rising bond prices and sliding interest rates show it isn't.

For many a businessman—and doubtless for the men in the U. S. Treasury—the easy money market is both a problem and an opportunity.

**Saving On Interest**  
The opportunity to trade old high-interest debts for new lower-interest debts. For big corporations with debts running into the millions, the saving is great.

Commercial investment trust today is redeeming 30 million dollars of 4 per cent serial preferred stock it sold in 1948 and 1949 to two insurance companies. The loan company will gain in two ways.

First, it will save \$1,200,000 in interest payments each year. (If it should need to borrow, it can get funds from the banks for less than 4 per cent.)

Second, it can increase its capital and surplus to 200 million dollars, which the company calls "an adequate base to support a continuing high level of operations."

If money weren't easier than a few months ago, and if the demand for consumer loans weren't less pressing, CIT mightn't be redeeming the stock just now.

**Uncle Sam Interested**  
Detroit Edison only a year ago floated a 40 million dollar 3 1/2 per cent bond issue, due in 1988. But since then the cost of borrowing money has come down sharply. So

the big utility says it will call in the mortgage bonds, perhaps in May, paying a premium for doing so this soon, but saving money in the long run.

The issue costs the utility 1 1/2 million dollars a year in interest payments. If it should get a 3 per cent loan the saving in interest would be \$350,000 a year. If, as Wall Street figures more likely, it can float a 3 1/4 per cent issue now to pay off the one being called, the saving would be \$300,000 a year.

Uncle Sam is definitely eyeing the same easy money market. By the end of this month, investment bankers figure, the Treasury successfully could offer a long-term two billion dollar issue at 3 or 3 1/4 per cent.

If it does, that could mean that the administration thinks the recession is almost over and surplus money can be sopped up without hurting business.

**Supply and Demand**  
If instead the Treasury looks for short-term money of the kind banks take to, that could mean it wants to leave long-term money in the market for investors to lend as a spur to home building and plant expansion.

Why is money easier now? Partly because the Federal Reserve Board took steps to see that it is, as an offset to recession. Partly because business and consumers haven't been borrowing as feverishly as formerly. And partly because savings institutions and pension funds are swelling with money looking for profitable investment.

It's that supply and demand law again.

## Drifts Blockade Michigan Roads

(By The Associated Press)  
Miles-a-minute gusts drifted winter's heaviest snow over eastern Michigan and nearby Ontario today, marooning hundreds of motorists and closing scores of schools.

At least three deaths, two in Michigan and one in Canada, were chargeable to the storm that dumped up to 16½ inches of snow in some areas over Sunday and Monday. Eight inches or more was general in the snowbelt.

The snow pestered into flurries today, but gusty winds and below-freezing temperatures made the day uncomfortable.

A mother and three children, feared lost in a bitter overnight storm outside Emmett, were found safe today at a home outside Port Huron. Mrs. Irma Jonyha, 57, and her children made their way out to shelter after their car stalled.

Drifting closed three state trunklines in northeastern Michigan today and drifts up to eight feet deep blocked all roads in Huron (Bad Axe) County.

Practically all schools in Huron County and 22 in Oakland were closed. So were those at Vassar, Caro, Reese, Cass City, Sebawing, and dozens in the Port Huron district and elsewhere around the state.

Scores of motorists abandoned their cars on M29 between St. Clair and New Baltimore overnight. The stalled cars complicated snow plowing operations.

Upward of 1,000 vehicles became stuck in snow up to eight feet deep along the 125 miles of highway between London and Windsor, Ont., overnight.

## American Evangelist Draws 12,000 Throng For London Revival

LONDON (AP)—Evangelist Billy Graham opened his 12-week crusade for a spiritual reawakening in Britain with a revival service Monday night that drew a full house of 12,000 into London's Harrington Sports Arena. Thousands were unable to get in.

The 35-year-old American, in a blue lounge suit with a small microphone at a lapel, held the throng spellbound with an impassioned sermon in which he repeatedly asked, "Does God matter?" when he called for persons ready to acknowledge Jesus Christ to come forward, between 500 and 600 filed down the 25 aisles to confess their faith in a separate auditorium.

"So many, so many, thank God," said Graham, with head bowed. The hymn singing persisted after the worshippers headed home in sleet and rain. At their bus stops and in subway stations, they continued singing the old religious songs in which Graham had led them.

## Syrian Government Purge Continues

DAMASCUS, Syria (AP)—Syria's new premier, Sabri Assali, forged ahead today with the purging of followers of ex-President Adib Shishkely. He fired five close associates of the dictator who fled to Saudi Arabia after an army revolt Thursday. Those ousted were the police director general, the broadcasting director general and the governors of three districts, including Damascus.

## Michigan Congressman Badly Wounded; 5 Shot By Fanatics In House

(Continued From Page One)

were emptied and they tried frantically to reload and resume their barrage.

There was a wild melee in the gallery itself and in the corridor outside as guards rushed in.

Through it all the Puerto Ricans screamed for independence for their island homeland as they sprayed bullets over the chamber from Lugers held grimly in both hands. After her pistol was empty Mrs. Lebron waved a Puerto Rican flag as she had at the outset to signal the outbreak.

**Only Minority Party**  
Mrs. Lebron insisted at police headquarters that members of the group regard themselves as patriots—not criminals.

The dark-haired woman said the shooting was intended "to bring the attention of the people to the people to the plight of Puerto Rico. It is a country that is not free."

Those held are members of the Nationalist party, the same group represented by the two men who tried in 1950 to assassinate the then President Harry Truman.

The party is only a small minority in the island commonwealth.

Most Puerto Ricans have expressed preference to remain under U. S. authority, although they have been offered independence any time they want it.

Anti-independence forces have contended the islanders would lose heavily in American aid if separated from this country, and that the islanders are not yet capable of complete self government.

The woman and two men were disarmed and taken into custody in a riotous scene just outside the House visitors' gallery. The third man was arrested later at a bus terminal.

**Page Boys Duck**  
Stunned congressional leaders took immediate steps to tighten security regulations and prevent a recurrence of such a tragedy—the first known instance of bloodshed during an actual session of the House or Senate.

That more lawmakers and spectators weren't hurt appeared nothing short of miraculous.

An estimated 20 to 30 heavy caliber bullets fired from Luger-type pistols blazed into the House chamber, nicking seats and walls, piercing the new ceiling, chipping plaster and causing everyone to duck for cover.

Several bullets crashed into the wall just a few inches above the seats in the rear of the chamber occupied by page boys. The boys scrambled under seats or darted out the nearest doors.

Two pellets burrowed into the heavy table at which Republican leaders sit. Seated there at the time were Majority Leader Hall-ack of Indiana and his assistant, Rep. Arends of Illinois. Neither was hurt, although Arends was nicked by flying splinters.

## Woman Fires Wild

About 250 House members were in the chamber to debate a bill dealing with importation of Mexican farm workers. The visitors' galleries were less than half filled. About a dozen newsmen sat in the press seats in the same general section, but 50 feet or more away from where the Puerto Ricans sat.

Speaker Martin (R-Mass.) adjourned the House in short order while doctors and police took over.

The shooting lasted only about

a minute. Almost everyone at first thought pranksters had tossed a string of firecrackers. Even Rep. Roberts said he thought it was firecrackers "until I saw blood on my leg."

Mrs. Lolita Lebron, 34, of New York City, admitted leader of the group, appeared to be having difficulty controlling her pistol. It spouted flame and bullets toward the ceiling, punctuating the woman's cries of "My country is not free; free Puerto Rico!"

As she half ran and was half dragged from the gallery, she tossed into the air the flag of Puerto Rico and shouted again.

Police, doorkeepers and others rushed for the gallery and the door leading from it. Quickly they grabbed three of the assailants and either held them firmly or pinned them to the marble floor.

discharge. The senators said Rubenstein was a willingly cooperative witness.

McCarthy and Stevens tangled originally in an outgrowth of the senator's attempts to find out why Maj. Irving Peress, now a practicing New York dentist, was honorably discharged after he had claimed Fifth Amendment protection against self-incrimination.

The Wisconsin senator said he wants Stevens to explain the Army's "three ways" of handling alleged Communists—that is, the honorable discharge given Peress, the retention of Linfield in service, and the second-grade discharge handed Rubenstein.

McLeod recently aroused Democratic ire by making a series of five Lincoln Day speeches for the Republican National Committee. Some Democrats contended that a man in McLeod's position should not take part in politics.

McLeod refused comment, but it was believed he will not quit his \$15,000-a-year post.

## Fire In River

ALBUQUERQUE (AP)—Hundreds of Albuquerque were told Monday night not to worry when they called radio stations and newspapers to inquire about dense clouds of smoke over the city.

It's only a big brush fire in the river they were told. And it was just that—a fire in the river bed of the almost dry Rio Grande.

## Mythological Hermes Was Just A Slowpoke

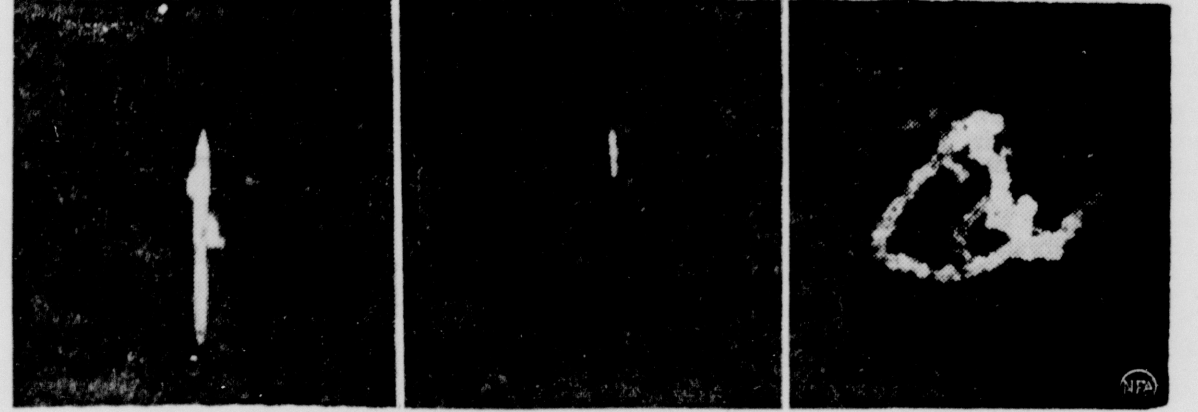

Hermes, the figure of Greek mythology who was a herald and messenger of the Gods, was just a slowpoke compared to the Hermes guided missile, being tested at White Sands, near Las Cruces, N. M. The project was started in 1950 by General Electric engineers who based their design on the German Wasserfall. Smaller than the German V-2, the Hermes has four midsection wings for fast maneuverability, which is very important for a missile. The Hermes uses LOX (liquid oxygen) and alcohol as fuel to propel itself at many times the speed of sound. Gas temperatures in the motor run from 5000 to 6000 degrees Fahrenheit. These exclusive, hitherto unpublished pictures show a Hermes launched and in flight. When it's many thousand feet up, it looks as if it's directly overhead. All that is visible is the white-hot spot at the tail that resembles a welder's torch. There is no control over the Hermes' landing. The impact blasts a crater 30 deep when the missile rams the earth at well over 3000 m.p.h.

Large rockets such as this Hermes guided missile take off in a ponderous fashion that is awesome to behold...

...but makes initial guidance difficult. Soon the missile is beating skyward at an ever-increasing speed until it's a...

...pinpoint, and only an erratic chalklike vapor marks its path.

## Atom Explosions Begin In Pacific

WASHINGTON (AP)—Screened from the world by a tight cordon of Navy ships and an umbrella of warplanes, the U. S. Atomic Energy Commission has started its newest series of atomic explosives tests in the mid-Pacific.

Before these tests are through, American scientists may touch off a hydrogen blast, perhaps bigger than the one that ripped a mile-wide hole in the ocean bed 18 months ago.

Monday the AEC issued a scanty four-line announcement that "Joint Task Force Seven has detonated an atomic device at the AEC's Pacific proving ground..."

Nothing was said of the results, nor was any other information furnished beyond the fact that this was the "first in a series of tests."

## War Farther Away Now, Tito Believes

BELGRADE, Yugoslavia (AP)—Yugoslav President Tito says he believes war is further away than it was two years ago and the nations of the world should recognize Communist China. He also hopes and believes Yugoslavia's relations with Russia will improve, but he says they haven't gone far beyond routine diplomatic exchanges. He set forth his views at a dinner given in his honor by Belgrade's Foreign Press Assn.

## Probate Judges' \$4,000 Pension Proposal Attacked

(Continued From Page 1)

Senate will make a second attempt today to permit old age assistance recipients to earn \$25 a month without losing their government pensions.

Sen. Harry F. Hittle (R-East Lansing) attacked the proposal to another bill which would hold old age assistance grants at a \$70 a month maximum if Congress fails to renew a law to that effect.

The Senate will vote today also on a bill to legalize the use of chemical tests to determine whether motorists are intoxicated. The tests cannot be applied to persons arrested unless they consent.

The House inconclusively debated a bill requiring licenses for fishing in the Great Lakes and for wives of resident fishermen. Amendments were offered to strike those provisions, but they did not reach a vote.

Fires kill or seriously injure an average of 84 persons daily.

## Wall Street

NEW YORK (AP)—The stock market backed down today with a fairly steady start.

Declines well scattered throughout the list.

Losses went to around a point at the outside. A few plus signs were as large as a point, but most were small.

Trading was at a rate well under the two million shares. Monday's total was 2,040,000.

Lower stocks included Southern Pacific, Texas Co., Allied Chemical, General Electric, Bethlehem Steel, Montgomery Ward, and Douglas Aircraft.

U. S. government securities were soft.

## Today's Recipes

Today's recipe, an answer to a special request, comes from Mrs. Leo Dean of Manitowish, Rte. 2.

### Pasties

Blend together using a fork or pastry mixer:  
1 cup lard  
3 cups flour  
1 1/2 teaspoon salt  
Add 1 1/2 cup cold water and mix well. Place in refrigerator to chill.  
Filling:  
1 1/2 pounds sirloin steak  
6 medium potatoes  
4 onions  
Mix together with one teaspoon pepper and two teaspoons salt.  
Divide pastry into four equal portions. Roll out on floured board to disk about 9 inches in diameter. For each disk of dough place 1/4 of the filling on 1/2 of the disk. Moisten the edge with water and fold over the other half. Crimp edge with fork.  
Place on shallow cookie pan and put in preheated oven, 375 degrees, and bake for 30 minutes. Reduce heat to 300 degrees and bake 45 minutes more. Pasties are best when served right from the oven.

### Schaffer

**SCHAFER** — The Five Hundred Club met at the home of Tom LaFleur Thursday evening. Prize scores were held by Mrs. Eli Taylor, Mrs. Tom LaFleur and Mrs. Louis Racicot. Lunch was served.

Roy Taylor returned Sunday to Milwaukee following a three weeks' stay at the home of his parents, due to an operation.

The Stanley McInnes family attended the wedding of a niece at Menominee Saturday.

Mr. and Mrs. Homer Seymour Jr., made a business trip to Chicago over the weekend.

Joyce Taylor spent the weekend with relatives in Iron Mountain and also attended the Pine Mountain ski tournament Sunday.

Lawrence Richer returned Sunday to Holland following a week-end stay with his family. Mr. and Mrs. Richer and son Lawrence Jr., made a business trip to St. Ignace.

### Card Party

The St. Anne Altar Society is sponsoring a card party Sunday evening, March 7 at the parish hall. Proceeds will be used for the repairing of the basement. Lunch will be served. Entertainment will be furnished.

## Services Ash Wednesday Will Mark Opening Of Lenten Season

Services in churches of the community tomorrow, Ash Wednesday, will mark the beginning of the 40 day penitential season of Lent, a preparation for the Feast of the Resurrection, Easter Sunday.

Traditional rites in Catholic and Episcopal churches and sermons in other Protestant churches will remind the congregations of the words, "Remember, man, that thou art dust and unto dust thou shalt return."

The services bring to mind the practices of the Ninivites of ancient Assyria who did penance publicly in sackcloth and ashes. On Ash Wednesday in early Christian days the bishop blessed the hair shirts which the penitents were to wear during the 40 days and sprinkled over them ashes made from the Palm Sunday palms of the previous year.

**St. Joseph's Catholic**  
At St. Joseph's Catholic Church ashes will be blessed before the 8 a. m. mass and will be distributed after mass and in the evening. The Way of the Cross will be held daily except Saturday and Sunday at the exception of Holy Week.

**Immanuel Lutheran**  
Lenten services with Holy

Communion will be conducted by the Rev. Johannes Ringstad at Immanuel Church Ash Wednesday at 7:30 p. m. Special music will be a part of the service.

### Bethany Lutheran

A service of Holy Communion will be held Ash Wednesday at 7 p. m. at Bethany Lutheran Church.

### Salem Lenten Service

A Lenten service with Holy Communion will be held at Salem Lutheran Church in Escanaba Ash Wednesday at 7:30 p. m. The Rev. William F. Lutz, pastor, will conduct the service.

### St. Stephen's Episcopal

Ash Wednesday services at St. Stephen's Episcopal Church, announced by the Very Rev. Joseph S. Dickson, rector, are: Holy Communion and Litany at 10:30 a. m. and evening prayer and Litany at 7:30.

### Central Methodist Church

Ash Wednesday services will be held at Central Methodist Church Wednesday at 7:30 p. m. The Rev. Karl J. Hammar will conduct the services.

### St. Patrick's Catholic

Blessing of the ashes will take place at the 7 a. m. mass Ash Wednesday at St. Patrick's Church, the Rt. Rev. Msgr. Martin B. Melican has announced. The masses of the day will be at 7 and 7:45 a. m. and 6 p. m. The confirmation class will meet after the 7:45 a. m. mass.

### St. Anne's Catholic

Traditional blessing of the ashes will take place at the 8 a. m. mass at St. Anne's Chapel Ash Wednesday. Distribution will be held at the 7:30 p. m. mass at St. Anne's Church. Other services of the Lenten season, announced by Father Clifford Nadeau, pastor, are Stations of the Cross at the Chapel every Friday at 7:30 p. m. and Holy Hour at the Chapel every Saturday at 7:30 p. m.

## Verla Slagstad Is The Bride Of Robert Beauchamp

Miss Verla Slagstad of Escanaba and A-3c Robert Beauchamp of St. Nicholas repeated their marriage vows in a ceremony at St. Joseph's Church at Perkins. The Rev. Charles Daniel officiated at the service Tuesday, Feb. 23, at 10:30 a. m.

The bride is a daughter of Mrs. Charles Foster of Escanaba and Olaf Slagstad of Milwaukee. Mr. and Mrs. Wilfred Beauchamp of St. Nicholas are the bridegroom's parents.

Attendants at the ceremony were Miss Marilyn Beauchamp, Miss Lillian Liberty, Norbert Beauchamp and Tony Mathys.

The bride wore a dusty rose suit with a pink corsage. Miss Beauchamp's suit was aqua and Miss Liberty wore navy blue, with harmonizing flowers.

A wedding dinner and the reception were held at the Chicken Shack.

Airman Beauchamp is returning to his base at Tucson, Ariz., and his bride will join him there later.

## Marlene McNellis, A-1c Chris Jensen Exchange Vows

Miss Marlene A. McNellis and A-1c Chris Jensen repeated their marriage vows at St. Patrick's rectory before Rev. Francis Holtenbach Feb. 20 at 1 p. m.

The bride is the daughter of Mr. and Mrs. David McNellis, 1715 2nd Ave. N., and the bridegroom is the son of Mr. and Mrs. Chris Jensen Sr. of Arnold.

A sister of the bride, Mrs. Robert Macready, served as the matron of honor. The bride's brother, Edward McNellis, acted as Mr. Jensen's best man.

### Reception At UCT Club

The bride was attired in a grey-blue suit with navy accessories. Her corsage was red roses. A navy suit with red accessories was worn by the matron of honor. She wore a corsage of red roses and white carnations.

Mrs. McNellis attended her daughter's wedding in a navy and white rayon print dress with navy accessories, while the mother of the bridegroom wore a navy crepe dress with grey accessories. They both had corsages of pink roses.

A reception was held at the UCT Club from 3 to 9 p. m. Following the reception, the newlyweds left for a wedding trip through Northern Wisconsin. For going away, the bride wore a blue wool dress

with red accessories.

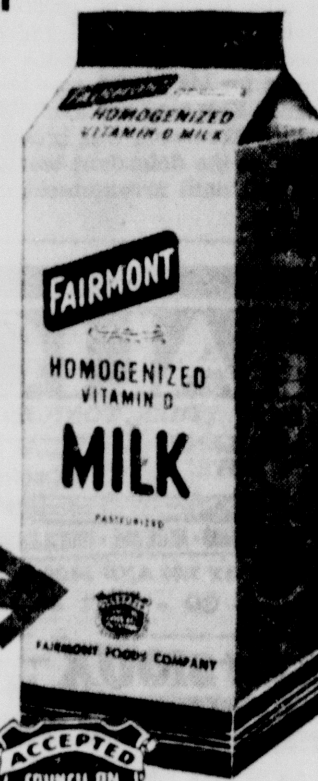

### Stationed In Texas

## WILL YOU GET THE JOB...if they look up your Credit Record

**EMPLOYERS** nowadays often check with the local Credit Bureau before they hire a person for a responsible, high-salaried position. They know that the man with a reputation for paying his bills promptly is a better prospect.

The man with an unsatisfactory credit record usually has two strikes against him when he applies for a job

that involves financial or management responsibilities. Employers and their personnel managers are not usually willing to entrust important business affairs to those who cannot efficiently manage their personal affairs.

## Supervisors Will Follow State Tax Unit On Pipeline

Pipeline in Schoolcraft County owned by the Lakehead Pipeline company will be assessed on the basis of \$6.13 per foot, the same rate recommended by the State Tax Commission, according to an agreement reached in private session here Monday morning by township supervisors.

Hiram Gustafson, of Superior, Wis., a representative of the Lakehead company, met earlier Monday with members of the county board of supervisors, in its postponed regular session, to discuss taxation on the pipeline.

He told members of the board the company had pipeline in 19 counties in Michigan and that the purpose of his conference with them was to secure "uniformity" in assessments by the various political units. He emphasized the company was not attempting to avoid taxes.

**Handle Like A Utility**  
William Davidson, of Gulliver, Doyle Township supervisor declared he felt the rate set by the state tax commission was lower than a third of the cost of construction of the line, and that in his estimation assessment should be based on a valuation of \$10 per foot.

Supervisors questioned the representative of the company on cost of construction and asked why the company had not supplied cost figures with personal property statements. Gustafson indicated the company does not have the statistical material on cost available as yet.

In informing Gustafson of the supervisors' decision, Wells Bowers, chairman, pointed out that supervisors in each of the townships felt they should follow the same procedure used for other utilities, which is to use the state tax commission's assessment formula.

Supervisors who met in executive session to discuss the pipeline assessment were William Davidson, Doyle township; Lial Lake, Hiawatha township; William Pour, Inwood Township; William Rodman, Manistique township; Wells Bowers, Mueller township; and Ernest Hoholik, Thompson township.

**Adjourn To March 15**  
The Schoolcraft board of supervisors Monday endorsed resolutions which would permit counties in Michigan to control open season on bear; permit counties to classify non-settled indigent cases as residents of the state at large, and be reimbursed for expenses for hospitalization, such as is now done in tuberculosis cases; and granted a confirmatory deed to the Lakehead Pipeline company, for gun club property, following clarification of title to the land.

Also discussed in the day-long session was appointment of a county civil defense director, in accordance with a new state civil defense plan. No action was taken, but supervisors indicated the work should be handled by a county officer with office facilities already available.

Following the session, supervisors adjourned until March 15, at which time reports of the various county boards and departments will be heard. The adjournment was necessary because boards of review are currently meeting.

## Drunk Driver Is Fined \$50

Frank Merwin, 77, of Manistique, entered a plea of guilty to a charge of driving under influence of liquor when arraigned before Justice V. P. Deemer Monday and was assessed at fine of \$50 plus court costs of \$5. His driver's license also was revoked.

Merwin was apprehended by city police Saturday night after a car he was driving sideswiped an auto owned by Victor Schuetter, at the Deer and Weston Ave., intersection. Later Merwin's car ran into a snowbank.

Also arraigned Monday in Justice court was Daniel P. Johnson, 24 of Manistique, who was charged with reckless driving after a car he was driving crashed into a telephone pole at the corner of River and E. Elk St. He was assessed fine and costs of \$30.

A telephone feeder cable supplying the west side of Manistique and electric wiring attached to the pole were damaged when the 30-foot pole was knocked down. Extreme efforts by crews of the General Telephone company crews in Manistique, Edison Sault Electric company employees here and a telephone crew from Escanaba kept service interruption at a minimum early Sunday and by 1:30 p. m., the lines were back in operation.

# Braves, Eskymos Meet In District Tourney

## Open Action Thursday Night At Braves' Gym

GLADSTONE—The Gladstone Braves, host team, will kick off the district Class B basketball tournament here Thursday night at 8:15 against the neighboring Escanaba Eskymos.

Drawings held here yesterday afternoon matched the Braves against Escanaba Thursday night and the Menominee Maroons against the Stephenson Eagles Friday night. The winners will meet for the district title Saturday night at 8:15.

The Maroons were top-seeded in the drawings with the best record against Class B competition. Escanaba was bottom-seeded with the second best season mark.

**No Reserved Seats**  
A drawing was also held to determine which teams would play on Thursday night. Escanaba winning that right on a pull from the hat. The drawings were held in the office of tournament manager Wallace Cameron.

Carmon announced that there will be no advance sale of tickets and no reserved seat tickets for the tournament. Tickets will be sold at the door on a first-come, first-served basis. Seating capacity of the Gladstone High School gym is about 700.

The opening game between Gladstone and Escanaba will match teams that have split in regular season competition. The Eskymos won the first game played at the Escanaba gym, by a 62-52 margin. The Braves took the second game, played at Gladstone, 65-60.

Coach Burt Gustafson's Esky quint enters the tournament with a 9-7 record while the Braves of Coach Cappy Keil have a 5-9 mark, not including an opening-season loss to an alumni quint.

**Season Records**  
Menominee's record of 12 wins and four losses includes two victories over Escanaba and two over Stephenson. Stephenson also lost twice to Escanaba and beat Gladstone once. The Eagles have an overall mark of six wins against 10 defeats.

The winner of the Gladstone district will move on to regional tournament competition at Houghton next week. Menominee is defending district champ. The Class B Upper Peninsula defending champion is Manistique.

Officials for the tournament will be Paul Meli of Negaunee and Thor Reque, Manistique.

## Eskymo Freshmen Notch Eight Wins, Two Losses

The Escanaba Junior High School freshman basketball team closed the 1953-54 season on a successful note last week by defeating the Gladstone Frosh 48-32.

Coach Oliver Koski's Esky freshmen ran up a record of eight victories against two defeats during the season. After dropping a decision in their first start, the Frosh won seven straight before losing their next to the last game on the schedule.

The team averaged 43.6 points per game while holding the opposition to a 30.1 average.

Leading scorer was Gary Wellman who hit for 120, an average

### FIGHTS LAST NIGHT

Boston — George Araujo, 139½, Providence, stopped Curley Monroe, 137½, Worcester, Mass. (6).

Detroit — King Solomon, 165, Chicago, stopped Chuck Russell, 161½, Detroit (3).

Holyoke, Mass. — Art Mullen, 123½, Philadelphia, decided Johnny O'Brien, 128, Boston (8).

## Several Changes May Help Boost Tigers This Season

LAKELAND, Fla. — Who knows, the Detroit Tigers may get some help this year from deep thinking over the off-season.

Sluggish Walt Dropo has a new batting stance—that is to say, a deeper crouch over the plate—and Manager Fred Hutchinson is thinking of putting Harvey Kuenn in the No. 2 spot in the batting order. Both would be consequences of the long and hard thought that must have gone on among the Tigers since their sixth place finish in the American league race in 1953.

Dropo said he spent all winter practicing a new crouch in front

### Bob Ranguette Will Play Here Thursday With Munising Team

Thursday night's independent basketball schedule at the Escanaba Junior High gym will match Skinny's Bar, undefeated Escanaba quint, against Harry's Service of Munising.

Starring for the Munising team will be Bob Ranguette, ex-Escanaba cager who was one of the best in independent ranks here a few years back. Ranguette played at Escanaba High School and moved on to star with Tom Swifts, Delta Hardware and the Shamrocks in independent circles.

The preliminary at 7 will match Paper Mill and Mike's Bar in a City League game.

### Clarence Henry Is Upset By Jackson

BROOKLYN — Unranked heavyweight Tommy (Hurricane) Jackson, had a victory over eighth-ranked Clarence Henry under his belt today and hopes of taking on another top contender.

The 22-year-old, tireless puncher from Rockaway Beach, N.Y., won a unanimous 10-round decision in a televised fight with the Los Angeles heavyweight Monday night.

Eastern Parkway Arena matchmaker Teddy Brenner said he will try and pit Jackson against Nino Valdes, Dan Bucceroni, or Jimmy Slade, third-ranking light heavyweight.

Jackson used a left hook to the body and a right cross to the head to pile up the points against Henry.

### ST. ANNE'S WINS

St. Anne's 7th-8th grade cage team defeated the Hermansville junior quint 33-31 here yesterday with Jim Dubord setting a 17-point scoring pace. G. Baribeau led the losers with 14.

## In This Corner

With Ray Crandall

History nearly repeated itself at the Class B district tournament drawings in Gladstone yesterday afternoon . . . The drawings paired off the same teams in competition as last season, but the nights of play were reversed.

Last year the Menominee Maroons drew Stephenson but played on Friday instead of Thursday . . . This year the host Braves drew the Escanaba Eskymos but they play on Thursday instead of Friday . . . Last year the Maroons beat Stephenson in the opener, Escanaba beat Gladstone the second night and the Maroons defeated the Eskymos in the finals.

Exactly the opposite is the case in the Class C district tourney at Stambaugh which starts Thursday night . . . The Crystal Falls Trojans are heavy favorites to beat Bark River in the opener . . . If they do, they will then be paired with the St. Joe Trojans in a rematch of last year's Upper Peninsula championship game . . . Coach Tom St. Germain's cagers cooped a narrow 61-59 victory for the crown.

Just to refresh your memories, here are the defending champions in the other classes . . . Manistique in Class B, Gwin in Class D and Nahma in Class E . . . As there are no Class E teams downstate, the U. P. champion is honored as the state titlist.

## Pine Mountain Tourney Is Off

IRON MOUNTAIN — High winds swept Pine Mountain for the second straight day Monday, forcing officials to call off for good the 19th annual Kiwanis Ski Jumping Tournament.

The action turned away some 107 top skiers from all over the nation who had set their sights on the first 300-foot jump east of the Rockies.

Winds of 25 miles an hour swept the ski scaffold, highest artificial one in the world, and long range weather forecasts were for more of the same.

In the Michigan State Championships Saturday—first day of the two-day meet—Wilbert Rasmussen of Ishpeming took a Class A honors with a jump of 248 feet.

Greentree Stable's Card Trick, winner of Saratoga's Flash Stakes, is a hopeful for the \$100,000 Flamingo at Hialeah. Card Trick is the son of Case Ace.

Mickey Bates, sophomore back for the University of Illinois, led the Western Conference scorers with 54 points in six games.

## McDonough And Hirn Trojan Co-Captains

Jerry McDonough and David Hirn, seniors, were elected co-captains of the 1953-54 season by their St. Joe Trojan team mates yesterday.

McDonough, third highest scorer on the Trojan squad, is a guard and Hirn, who joined the team after the first two games of the campaign, is a forward.

High scoring honors at the end of the regular season went to sophomore center John Berrigan. Although he missed two complete games with a sprained ankle, Berrigan hit for 256 points, an average of 9.2, third highest.

### Minnesota Cops Title In College Puck Loop

DENVER — Minnesota and Michigan have finished 1-2 in the Western Intercollegiate Hockey League for the second straight season and have landed berths in the four-team NCAA hockey tournament in Colorado Springs opening March 11.

Although Minnesota wrapped up the championship earlier, Michigan knocked some of the gloss off the champions by whipping the Gophers at Ann Arbor Friday, 6-3, and Saturday, 5-2.

Denver pulled into a tie for fourth place with Colorado College by defeating CC Saturday at Denver, 6-2.

### Johnston Enjoys Big Lead In Scoring Race

NEW YORK — Neil Johnston of the Philadelphia Warriors enjoyed a 248-point lead today in his drive for a second straight National Basketball Association scoring championship.

Johnston has 1,471 for a 23.7 percentage through Sunday. Ed Macauley of the Boston Celtics is second with 1,223 points, and Macauley's teammate, Bob Cousy, is tied with 1,208.

## Hawks Return To Action, Face Portage Lake Here Wednesday

The league-leading Portage Lake Pioneers will provide the opposition for the Escanaba Hawks as Northern Michigan Hockey League action resumes Wednesday night at the fairgrounds rink after a three-week layoff.

The Bukovich-led Pioneers boast a 10-point spread at the top of the NMH standings. Portage Lake leads with 30 points as compared to 20 for the second-place. The Calumet Radars are pressing Marquette with 17 points in the standings and the Hawks are fourth with eight.

### Hamilton Is Out

Escanaba will be playing without the services of defenseman Hubert Hamilton, who was admitted to St. Francis Hospital with pneumonia Sunday night.

Remainder of the Hawks will be available for action with Ben Artwisch in the nets, Clarence Matt, Jim Ogle and Dick Johnson on defense and Doug Peterson, Bill Suriano, Buddy Provo, Joe Ricci, Mark Olson, Ted Olson, Bill Buckland, Bob Higgins and Hank

With the annual post-season playoffs nearing, the Hawks are set for a stretch drive to pick up ground on the other teams in the circuit.

Escanaba has a busy schedule ahead. The Hawks will play at Marquette Thursday night and will probably entertain Calumet Sunday afternoon. They are due at Portage Lake next Tuesday and Calumet is scheduled here next

Wednesday.

In all, the Hawks have seven games left to play, three against Calumet, three against Portage Lake and one against Marquette.

With the wide separation in the team standings, the battle now will be between Marquette and Calumet for second place. In the playoffs the second place team

will meet the fourth place sextet and the leader will meet the third-place team in the elimination games.

The Wednesday night game here will start at 7:45. Dan Crowley will be the referee and Mel Bertrand the linesman.

The fairgrounds ice is in excellent playing condition.

## Tourney Of Champions Under Way In Chicago

### BULLETIN

Tommy Betts of Marquette, Upper Peninsula and Wisconsin bantamweight Golden Gloves champion, drew a bye and won a decision in the Chicago Tournament of Champions last night to move into the semifinal eliminations Wednesday. Betts drew a bye in the first round and punched out a decision over Theodore Lancaster, Peoria, Ill., in the second round. The Marquette scrapper was one of two Milwaukee tournament champions to win last night. Norman Johnson, 135-pounder, scored a first round knockout and a first round TKO while Richard Barman, 126 pounds, lost a close verdict to Johnny Palmer of Columbus, Ohio, and Melvin Givens, 112 pounds, failed to pass the physical examination.

CHICAGO — The big fellows, from 147 pounds through the heavyweight bracket, step into Chicago Stadium's three rings tonight for 100 bouts to send amateur boxing's biggest show, the Golden Gloves Tournament of Champions, into the quarterfinals.

Eager lads in the light brackets got off to a wild start Monday night with 18 knockouts or TKO's in 96 scraps.

The survivors go into the quarterfinals Wednesday night. Winners of that session enter the semi-

finals and finals in the Stadium March 11.

### Defending Champion

Much interest tonight centers in the 147-pound class where Richard Wall of the Tulsa, Okla., team reigns as the only defending champion.

Pairings are never known until ring time. All opponents are determined by drawings.

St. Louis has a slight edge in points for the team championship with 7. Chicago and Muncie, Ind., were next with 6 each. Grouped with 5 points each were Kansas City, defending champion Los Angeles, and Sioux City, Iowa.

Among the 112 pounders to advance Monday night were Manny Moreno of Denver and Jerry Morales of Kansas City, each scoring knockouts in their second bout of the evening.

### Johnson Wins Twice

LeRoy Jeffrey of Detroit, a 118-pound favorite, stopped both of his foes.

Larry Brown, 126, Sioux City, didn't even work up a sweat as he scored two first round TKOs. His second victory was over St. Louis' highly rated Bob Tenequer who was not allowed to answer the second round bell because of a badly cut right eyebrow.

Milwaukee's Norman Johnson also stopped two foes to become a favorite in the 135-pound division.

# Hoosiers Must Defeat Illini To Win Big 10

CHICAGO (AP)—The Indiana Hoosiers must determine for themselves Saturday whether they'll keep the Big Ten basketball title or share it with Iowa and Illinois.

The defending champions play the Illini at Bloomington, Ind., that night in the final Big Ten game of the season.

Illinois stayed in the picture Monday night by defeating Northwestern 84-82. Iowa also continued a potential title-sharer by beating Ohio State 84-71, ending the Hawk-eye season with 11 Big Ten wins and three losses.

Indiana, which was idle Monday, has assured itself of at least a tie for the championship with 11 victories and two defeats to date.

But an Illinois win Saturday would mean that the Illini, Iowa and Indiana all would end the season with 11 wins and three losses. Illinois now has a 10-3 record.

A divided championship would raise the question of which team will represent the Big Ten in NCAA tournament competition.

Conference athletic directors will meet in Champaign, Ill., Wednesday and Thursday to determine at that time a means of choosing among the three in case of a tie. They could order a playoff or a choice by lot.

**Kerr Hits 32**  
Johnny Kerr scored 32 points for Illinois in the victory over Northwestern but clutch free throws by Bill Ridley and Paul Judson in the waning moments were the vital points. Northwestern led most of the game and had a 15-point lead at one point.

The game was the last of the season for the Wildcats. They closed out with a 6-8 record.

Iowa's win avenged a 77-69 upset by Ohio State last month. Bill Logan led the Hawk sophomores with 18 points while Carl Cain and Sharm Scheuerman scored 17 each.

In other Big Ten games, Michigan beat Purdue 83-79 and Wisconsin topped Michigan State 79-56.

**Final Games**  
Saturday's concluding program has Illinois at Indiana, Michigan at Illinois State and Wisconsin at Minnesota.

Minnesota, incidentally, could tie for third place with Illinois by winning Saturday if Illinois loses.

Kansas trounced Colorado 83-62 Monday night in the Big Seven Conference's clutch game of the year. All Phog Allen's boys need now is a victory over Missouri Saturday to clinch their third successive conference crown and trip to the NCAA meets.

Kansas now has a 10-1 conference record and Colorado 92 with one to play.

Kentucky, which regained first place in the Associated Press poll today, walloped Alabama 68-43 to complete its schedule with a 24-0 mark. The Wildcats, only undefeated team in the country, still aren't assured of the Southeastern Conference crown.

Louisiana State also has a clean conference record after its 76-53 victory over Mississippi. The Bayou Tigers, who took over the No. 7 spot in the poll, still must beat Tulane March 6. If they win that one, as expected, they'll meet Kentucky for the conference crown—and NCAA bid—at Nashville March 9.

Duquesne, unbeaten until last weekend's 2 defeats, trounced St. Bonaventure's 67-55. That boosted the fourth-rated Duke's record to 23-2.

Another game with tournament bearing has sixth-ranked Oklahoma A&M playing host to Tulsa. The Aggies lead the Missouri Valley Conference with a 7-1 mark and must beat Tulsa tonight and St. Louis Saturday to better Wichita's 8-2 mark.

## Ted Williams Suffers Fracture Of Shoulder

By BEN OLAN  
(Associated Press Sports Writer)

The opening of the 1954 American League season is still six weeks away but the pennant stock of the Boston Red Sox, faced with the loss of Ted Williams, has already slumped to almost microscopic proportions.

The 35-year-old outfielder suffered a fractured left shoulder in the first 10 minutes of spring training Monday when he stumbled and fell while chasing a sinking liner off the bat of Hoot Evers.

Examining physicians said, "He will not be able to lift his arm or swing a bat for six weeks."

**More Optimistic**

Williams himself is more optimistic and predicts he will be in the opening day lineup against the Philadelphia Athletics April 13.

"I'm going to work that much harder to get in shape," he said. The entire upper portion of his body was placed in a cast, but Jack Fadden, the club's trainer, said that he "will be able to run as soon as the pain leaves his shoulder."

## Kentucky Regains Top Cage Rating

NEW YORK (AP)—Kentucky's all-winning basketball team regained its favorite spot today when the nation's sports writers and sportscasters named the Wildcats No. 1 team in the country.

Ousted from the top spot for the past two weeks by Duquesne, Kentucky rolled back with first-place votes from 59 of the 120 experts who cast ballots, and a total of 964 points.

Kentucky completed its regular season Monday night by defeating Alabama 68-43 for a 24-0 mark.

Duquesne, upset by Cincinnati Friday and again by Dayton Saturday, tumbled all the way to fourth place, with 570 points.

Indiana's defending National Collegiate basketball champions took

over the second spot with 722 points and Western Kentucky took third with 707.

The leading teams (season's records in parentheses)

- |                             |     |
|-----------------------------|-----|
| 1. Kentucky (24-0)          | 964 |
| 2. Indiana (18-3)           | 722 |
| 3. Western Kentucky (28-1)  | 707 |
| 4. Duquesne (23-2)          | 570 |
| 5. Notre Dame (19-2)        | 453 |
| 6. Oklahoma A&M (21-4)      | 387 |
| 7. Louisiana State (20-2)   | 240 |
| 8. La Salle (21-4)          | 218 |
| 9. George Washington (19-2) | 208 |
| 10. Seattle (26-1)          | 203 |

## Prep Tourneys Begin Tonight

By THE ASSOCIATED PRESS

The State High School Basketball Tournament gets rolling tonight (Tuesday) with a handful of action in the district eliminations—but the main firing doesn't begin until Wednesday night.

That's when most of the teams in Classes B, C and D will begin their quest for a hard-to-get state title. Counting Class A and Upper Peninsula teams, more than 675 schools will compete for five titles in the giant three-week carnival.

Champions will be crowned in Classes A, B, C, D and E—the latter in the Upper Peninsula. There are no class E teams in the Lower Peninsula.

The tourney is conducted on a win-or-lose basis. And in order to capture a title, a team must win anywhere from five to eight games. So stamina counts almost as much as talent.

The district eliminations run for the rest of this week, concluding Saturday, the winners—joined by the Class A teams—go into next week's regional playoffs March 10-11-12-13.

**ORLANDO, Fla. (AP)—**There are signs today the financial war between the Washington Senator bosses and their prize holdout, Mickey Vernon, is easing.

The first base star, who drew down \$19,000 last year and won the American League batting crown, now says he'll settle for \$35,000 this season instead of the \$40,000 he's been asking.

There are reports that vice president Calvin Griffith might boost an earlier \$25,000 offer to \$27,500 or possibly \$30,000.

**TAMPA, Fla. (AP)—**Although third base remains a prime problem for the Chicago White Sox, manager Paul Richards says there's another that's even tougher—"Who in the world's going to bat fourth?"

"Minnie Minoso will be the third man in our batting order," said Richards, "and I'd like to have a 'big' man to bat after him."

**BRADENTON, Fla. (AP)—**The Milwaukee Braves got a scare Monday when star slugger Eddie Mathews wrenched his back and was hurried to the clubhouse for attention.

Dr. Charles Lacks, team trainer, said he doubted if Mathews could do much work for a day or two, but the young hitter said he hoped to play a while in today's intra-squad game.

**TUCSON, Ariz. (AP)—**Bob Lemon, only Cleveland pitcher to win 20 games last year, was the club's only holdout today after Early Wynn and rookie Bob Prentice reached terms.

Wynn, who had a 17-12 record last season, agreed to terms by telephone Monday. The big right-hander is believed to have gotten around \$32,000—about \$6,000 less than last year.

## Draft Calls 931 Men For April

LANSING (P) — Michigan was ordered to draft 931 men during April for the armed services, two less than in March.

Col. Arthur A. Holmes, state selective service director, said he believed the April call can be filled with men 20 years of age or older except for volunteers. If current trends are maintained, he said, more than the April call will be composed of volunteers.

The April call for 931 men compares with 918 in February and 1,128 in January.

The call by counties:  
Alger 2, Baraga none, Chippewa 5, Delta 7, Dickinson 4, Gogebic 4, Houghton 10, Iron 2, Keweenaw 2, Luce 2, Mackinac 2, Marquette 4, Menominee 6, Ontonagon 2, Schoolcraft 2.

In bunco, first prize went to Mrs. John Kangas, second prize, to Mrs. Robert Shiner, and low score to Mrs. John Niemi. Mrs. William Pieppo will be the next hostess.

**Surprise Birthday Party**  
Robert Smith was pleasantly surprised Saturday evening, Feb. 27, on the occasion of his birthday by friends and neighbors gathering at his home for a social get-together. Five hundred was played. First prizes were won by Mrs. Vern Richmond and Fred Lemm; low score prizes went to Mrs. Toivo Kallio and Mr. Smith.

**Wednesday Night Club**  
Mrs. Richard Williams will be hostess to the Wednesday Night Club at her home this week on the evening of March 3.

**Briefs**  
Arnold Keskimaki, Abel Maki, and Mrs. James Johnson returned Sunday from a weekend in Detroit.

Mr. and Mrs. Ero Kuivinen of Negaunee visited Mr. and Mrs. Emil Hendrickson Sunday.

Mr. and Mrs. John Lammi and sons, John David and Matthew of London, Ohio, left Tuesday to return to their home after being called here last weekend by the death of Mrs. Lammi's mother, Mrs. Erika Posio.

**Lenten Services**  
Beginning March 4, Lenten services will be conducted each Thursday evening during Lent by the Rev. A. L. Maki of Marquette at the National Lutheran Church of Chatham. Service will begin at 7:30.

Catholic Lenten services are being held each Wednesday evening at 7:30 during Lent at St. Rita's Church in Trenary. Rev. Father Brewer is in charge. Services will alternate Stations of the Cross and a sermon, beginning with Stations of the Cross this Wednesday, March 3.

**Services For Mrs. Posio**  
Funeral services were held at 1:30 p. m. Monday, March 1, for Mrs. Erica Posio, 81, of Forest Lake, who died suddenly at her home Thursday night after a day's illness. The Rev. John Hattula officiated at the Finnish Evangelical Lutheran Church of Eben. Burial was in the Pine Grove Cemetery at Chatham.

Mrs. Posio was born Dec. 16, 1872, in Kuusamo, Finland. She had been a resident of Forest Lake the past 35 years. She was a member of the Evangelical Lutheran Church at Eben Junction.

Survivors are three daughters, Mrs. Hilja Laiho, Negaunee; Mrs. Ormand Bearse (Mary), Williams-ton, Mich.; Mrs. John Lammi (Elma), London, Ohio; five sons, Onen, Chatham; Henry, Marquette; John, Eben; Charles, Bath, Mich.; Arne, Negaunee; one sister, Mrs. Katarina Hurtley, Marquette, and 25 grandchildren.

SCHAFER—Lionel Viaw and Doy Ahnert of Detroit and Mr. and Mrs. Walter Viaw of Escanaba were weekend visitors at the Edwin Viaw home.

## Action Predicted On Licenses For Great Lakes Fishing

By JAMES A. O. CROWE  
Associated Press Outdoor Writer  
LANSING (P)—Look for some kind of action by the House of Representatives before March 10 on a bill requiring licenses for Great Lakes fishing.

The bill is on the House calendar, and under the rules must be acted on by March 10 or die automatically.

The bill is all that remains of the Conservation Commission's program to increase most hunting and fishing license fees and require licenses for Great Lakes fishing and for wives of residents.

**Opposition Strong**  
The legislative committees were not interested at all in the proposal to increase fees. The House Fish and Fisheries Committee also killed the wives' license bill. And powerful opposition is arrayed against the Great Lakes bill.

An attempt is to be made by Rep. Hugo A. Nelson R-Indian River to amend the Great Lakes bill to revive the wives' license bill. His chances of success look poor at the moment. The chances of passage of the Great Lakes bill, even without the wives' proposal, are only slightly better.

**No Wolves To Trap**  
Those who have long advocated the abolition of the century-old state bounty on wolves have been joined by the Sault Ste. Marie Evening News.

In an editorial, the newspaper calls for an end to wolf trapping before "there is nothing to trap." The newspaper adds its weight

to many who have been advocating for years that Michigan should stop short of complete extinction of a fabled and picturesque species.

Conservation biologists have proven long ago that there are only about six families of wolves left in the state. They are confined entirely to the remotest parts of the Upper Peninsula.

The damage they do to deer, the anti-bounty people say, is infinitesimal.

### Jays Team Up

This one is vouched for officially by the Ontario Department of lands and Forests.

District forester R. H. Hamby of Moberg, Ont., reported that two crippled Canada jays had teamed up for their mutual benefit.

The jays were observed in front of district headquarters, leaning against each other.

Investigation showed both had lost a leg.

"Both birds, handicapped as they were, gave a surprising display of cooperation and maneuvered about extremely well," Hamby said.
